Section 2 – COACHES

- A. A Max of 4 Coaches (including Dugout Mom/Dad).

 - i. The coach may place the ball on the tee for the batter if an umpire is not present or at the umpire's discretion.
 - ii. 75-100% of the tee must be touching home plate.
 - iii. After placing the ball on the tee, the coach should move into position behind the umpire and catcher so as to not interfere with the catcher.
 - c. Two base coaches will be allowed on the field at 1st base and 3rd base and must remain in the coach's box.
- C. Defensive Play - Up to 3 coaches allowed on the field
 - a. Two defensive coaches can be on the field in the outfield area to help the outfielders keep their attention on the game.
 - i. Should a ball be hit into the outfield, a coach is not allowed to touch it. If a coach touches (accidentally or intentionally) the ball in the outfield, the batter will be awarded a home run.
 - ii. The coach can only instruct the outfielders as to what to do to get the ball back into the infield.
 - iii. The coach may not touch the outfielders to direct them to the ball.
 - iv. At no time shall a defensive coach be allowed to be in the infield during a live ball.
 - b. One defensive coach can be in front of his/her dugout to help instruct the infielders.
 - i. The coach must stay between the dugout poles and no closer to home plate.
 - ii. The coach may not enter into fair territory during a live ball and must stay close to the dugout fence and not the foul line.
- D. Coaches must not create a distraction or interfere with play. Coaches violating this rule may be warned once, and then prohibited from coaching for the remainder of that game, and may be subject to further disciplinary action.

Section 3 - GAME PLAY

- A. Home team will be responsible for putting out the bases if they are not already out and for storing the bases if the last game of the day.
- B. All coaches and umpires should meet at home plate five (5) minutes prior to the start of the game to go over any rule clarifications or any other questions or concerns that may come up.
- C. The league will provide one umpire for each game. In the event that no umpire is available at the scheduled start time, each team will supply a parent to act as an umpire. The visiting team parent will umpire home plate and the home team parent will umpire at 2nd base. If a parent cannot perform the duty, then an assistant coach may fill in as umpire, but that assistant cannot participate in the game as a coach. Please contact your league director within 24 hours to notify them of an umpire's absence.
- D. All games will be played for 60 minutes & finish the inning. Games ending in a tie will be ruled a tie during the regular season.
- E. A game that is called due to weather or darkness is considered complete after 35 minutes of play provided two complete innings have been played.
- F. Each team will be limited to 5 runs per ½ inning.
- G. A half-inning consists of either 5 runs being scored by the offense or three outs being recorded by the defense. After either of these conditions are met, the teams will switch between the offensive and defensive positions. The home plate umpire will be notified by the home team score keeper when one of these conditions has been met.
- H. The infield fly rule do not apply.
- I. All Players are required to hit off of the tee. No coach pitching allowed.
- J. Play is started by the home plate umpire saying, "Play ball." This should be done each time, prior to the batter swinging at the ball on the tee. For instance, if the batter misses the ball or fouls the ball, she must reset and wait for the umpire to say, "Play ball," again before swinging.

Section 4 - BATTING

- A. Hitting solely off the tee
 - 1. Each swing that does not put the ball into play counts as a strike. Foul balls count as strikes.
 - 2. Each player may take up to three swings off the tee to put the ball in play.
 - 3. If, after three swings, the batter still hasn't put the ball into play, she will be out.
- B. There are no walks.
- C. Bunting and "slap-hitting" is not allowed.
- D. Intentionally attempting to "dribble" to ball off the tee in an attempt to get on base is not allowed.
- E. There should be a semi-circle line 3 feet in front of home plate. The ball must travel beyond this line to be considered a fair ball. Any ball failing to travel beyond this line will be considered a strike.
- F. If a batter throws the bat while batting or after hitting the ball, a dead ball will be called immediately. If the thrown bat occurs prior to the final swing by the batter, she will be able to continue her at bat with the swing being counted toward her swing limit. If it is the final swing of an at-bat, the player will be called out on strikes. The second thrown bat by a team will result in a team warning and all other thrown bats will be considered automatic outs. Any time an umpire rules that a bat was thrown, play will stop immediately and no base runners will be allowed to advance.

Section 5 - BASE RUNNERS / BATTER - RUNNER

- A. Runners are not allowed to advance except on a fair batted ball.
- B. Base runners must maintain contact with the base until a ball is put into play by being hit by the batter. No leading off is allowed.

Wylie Youth Softball Association (WYSA) - Fast Pitch Rules

- C. The ball is dead once it is in the possession of an infield player on the infield dirt. If the ball is hit into the outfield and the outfielder retrieves the ball and throws it toward the infield, once the ball touches the infield dirt or is touched by an infielder on the fly, the play is considered a delayed dead ball, although the runners may advance to the next base if they have already passed a base when the ball is considered dead. However, advancing runners do so at their own peril and a play can be made to get them out. In any case, if an attempt is made to get the runner out, all runners must stop at the base they were heading to when the ball initially hit the infield dirt. No runners may advance again under any circumstance.
- D. There are no advancements on overthrows or missed balls other than the base the runner would normally obtain on a normal play. If the ball is stopped before it gets to the outfield, the batter can only take one base.
- E. The base runner's path is defined as the path the runner takes while going between bases and is not necessarily a straight line, because the runners are not very fast and usually run one base at a time. However, if a runner is rounding 2nd and takes a large arcing turn heading to 3rd base, then the base path is the direct line she takes heading to 3rd base after completing her turn. The runner cannot then make a turn to the left or right to avoid a tag by a fielder. This would be considered out of the base path. The position of the fielder and runner must be taken into consideration when making such a call.
- F. Offensive coaches are not allowed to touch a base runner during a live ball in an attempt to direct the runner to a base. During the regular season, the umpires will issue a warning for the first occurrence.
- G. Once the ball reaches the infield (dead ball), if a runner continues around the next base acquired, the defense may still attempt to tag the runner out. If the base runner makes it safely to the next base and stops or steps on home safely, play will be stopped and the runner will be returned to the correct base. Also, if the runner returns safely to the last base touched and stops, play will be stopped.

Section 6 - PITCHER - PLAYER

- A. A ball that is fielded by the pitcher-player must be thrown (overhand) if the play is at 1st, 2nd or 3rd base. The pitcher-player cannot chase down runners going to these bases. If no catcher is played, the pitcher-player can chase and tag out a runner that is attempting to run home or can make a force out at home plate. However, if a catcher is played, the pitcher must throw the ball to the catcher and allow the catcher to make the play. This rule is in effect to keep bigger players from chasing down smaller players as well as to teach them to throw the ball.

Section 7 - CATCHER

- A. Catchers are not required for 6U play.
- B. If a team chooses to play a catcher, she must wear full catcher's gear, including a catcher's helmet with a face mask and chin strap, chest protector and knee & shin guards. **Dangling throat guards are not required** of all catchers. If any of this equipment is missing, the catcher will not be allowed to play the position and must play an outfield position.
- C. It is not necessary for a catcher to use a catcher's mitt in Tee Ball.
- D. If only 7 players are present for a game, a catcher cannot be used and must play an outfield position.

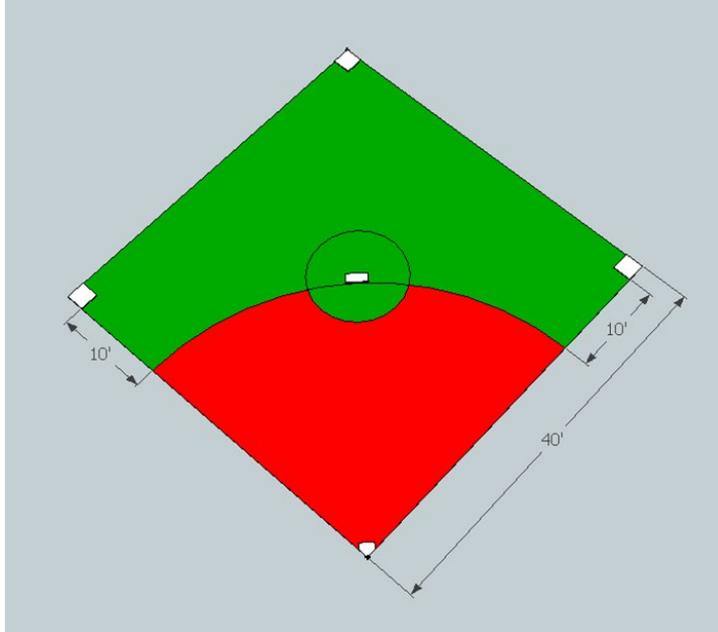

Section 8 - INFIELD/OUTFIELD PLAYERS

- A. 1st, 2nd, 3rd and shortstop fielders cannot advance closer than the distance from home plate to the pitching rubber towards home plate until the ball is hit. (see red area in the diagram below)
- B. Only positions players (infielders) can make plays at the bases. Outfield players must throw the ball into the infield to an infield player for the infielder to make a play at a base. Even if the outfielder is standing on the infield dirt, if she holds the ball, the runners may still advance. The ball **MUST** be thrown by the outfielder or touched by an infield player to stop the base runners from advancing. No outfielder can cover an infield

Wylie Youth Softball Association (WYSA) - Fast Pitch Rules

position (ie - center field cannot move to cover 2nd base). For games played on adult or full-size fields, outfielders should remain 10 feet beyond the baseline prior to the ball being put into play.

- C. As stated above, once the ball reaches the infield dirt, runners may continue to the next base or return to their previous base (where possible). However, runners that choose to advance do so at their own risk.

Section 9 – Field SPECS

- A. Bases will be set at 40 feet.
- B. Pitching rubber will be set at 30 feet.
- C. A 16 foot diameter circle will be chalked around the pitching rubber.
- D. Official ball: 11" diameter Safe-T-Ball.
- E. Bats may be metal, wood or composite and cannot be more than 2-1/4" in diameter.

Section 10 - 6U SCENARIOS

A. OVERHAND THROWS IN MOST CASES

In most cases an infielder is expected to throw the ball in a normal overhand throwing motion to make a play on a runner. The intent of the rule is to teach the kids the proper throwing motion and prevent a player from fielding a ball and rolling it to a base to gain an out. If, in the umpire's discretion, the player was too close to throw the ball in an overhand motion without potentially causing injury to another player, the player may flip the ball in a underhand motion to make the play. For purposes of clarification let's assume that the pitcher fields a ball a few feet from first base and flips the ball to the 1st baseman covering the bag. If an out is made at 1st base, the play should stand. If, however the pitcher fields the ball, in the circle for example, and the pitcher runs to within 3 feet of 1st base and flips the ball and an out is made, the base runner should be awarded 1st base as the pitcher should have made an overhand throw from the area that the ball was caught. In this scenario, 3 feet was used as an example only. Please remember that the umpire has sole discretion on the play.

- B. **INTERFERENCE & OBSTRUCTION** (ALWAYS at the discretion of the umpire) - please remember this is Tee Ball and these are little kids still learning the game!

1. **Interference** - Occurs when a base runner prevents a fielder from making an attempt on a batted ball.

Wylie Youth Softball Association (WYSA) - Fast Pitch Rules

Once the fielder makes an attempt on the ball, the ball is no longer considered a batter ball, and if the base runner runs into the fielder then there is no inference on the play. If interference is called, the play is dead and the runner is out. The batter-runner is awarded first base and all other runners must return to the base they occupied at the time the ball was put into play.

- a. Example 1 – A ball is hit off of the tee, the first baseman is playing behind the bag at first. The base runner from first leaves on contact and is stuck by the batted ball or runs into the 1st baseman prior to being fielded by the first baseman. If, in the view of the umpire, the first baseman could have made a reasonable attempt at making the play, then the runner leaving first would be called out. The batter would go to first and all other runners would return to the base they occupied at the time the ball was put into play.
 - b. Example 2 – Same thing except the first baseman is in front of the bag at first. The ball goes between the first baseman's legs and strikes the runner leaving first base. In this case the runner at first is not called for inference and the play continues.
 - c. Example 3 – If the 1st baseman is playing even with the bag and only a couple of feet from 1st base and does not give the base runner the proper amount of room to avoid contact, this may not be considered Interference by the umpire and in fact may be called against the defense for obstruction.
2. **Obstruction** - occurs when a fielder, not making a play on a batted ball, impedes the runner from advancing. In this case, if a play is not being made directly on the impeded runner, play can continue and the umpire can award additional bases to the runner at the conclusion of the play. If a play is being made on the impeded runner, then play should be called dead and the runner is awarded the next base.
- a. Example 1 – Bases Loaded - A batter hits the ball off of the tee against a team with no catcher, both the third baseman and the pitcher charge the ball. The pitcher gets the ball and both the pitcher and the third baseman continue to the plate. The third baseman (without the ball) bumps into the runner going home. If, in the view of the umpire the runner would have reached home before the pitcher (with the ball), then obstruction can be called, the run is scored, and no out is awarded to the defense. If, however, the umpire does not feel that the runner would have beat the pitcher to the plate, the out is recorded and obstruction is not called.
 - b. Example 2 – no one on. Batter hits a ball to the outfield and while rounding first, he runs into the 1st baseman and falls down. This would be considered a delayed dead ball. The runner may continue to advance as far as he can on the play. Once the play is over the umpire can award as many bases as deemed appropriate. In this example the runner makes it to third as the ball hits the infield, the umpire, may determine that the player would have already been around 3rd base, if the Obstruction had not occurred and the player may be awarded home, thus awarding the batter with a homerun. In the event the umpire determines the player would have only reached third base without being obstructed and the player continues to home and attempts to score and is tagged out on the play, the out can be recorded for the defense.

C. **OUTFIELDER FIELDING THE BALL IN THE INFIELD**

Outfielders may not force a runner out at a base or tag a runner out from a batted ball. They must throw the ball to an infielder to stop the runners from advancing, just like if they were standing in the grass.

D. **INFIELDER FIELDING THE BALL IN THE INFIELD**

From a batted ball, each baseman (1st, 2nd, 3rd, catcher) can tag their own base to force a runner out as well as tag a runner out between bases. The shortstop can force a runner out at second base without throwing the ball. The shortstop may not field a ball and run to 3rd to force the runner out. In this case they must throw the ball to 3rd or tag the runner to record the out. As stated above, the pitcher must throw the ball to a base to record the out and may not chase down runners with the exception of home. When the catcher position is not

Wylie Youth Softball Association (WYSA) - Fast Pitch Rules

being played, the pitcher may field the ball and run to home plate and force out the runner (if applicable) or tag the runner. Again, this only applies to the batted ball. If the ball is thrown in from the outfield, then any infielder can tag a runner out. The intent of this rule is to teach the kids to make the proper throws to the proper base to record an out and to prevent the more advanced kids from making all of the defensive plays. It is a team game and all kids need to be involved in the game.

E. INFIELD FLY RULE DOES NOT APPLY

As stated above, there is no infield fly rule in effect for Tee Ball. Even though the infield fly rule is not called, the same rules apply to any fly ball that is caught. Example - A fly ball is hit to the shortstop. The ball is caught by the shortstop. Base runners must tag up prior to advancing.

F. TAG OR NO TAG

A fielder must tag the player with the ball or with the glove (if the ball is in the glove) to record an out. Tagging a runner with an empty glove is not considered a tag.

G. STAY OR GO

Runner on 1st and 3rd, one out. A ball is hit back to the pitcher. The runner at first must advance to 2nd. The runner at third is held at third until the ball is thrown by the pitcher to first. The player may advance home and score as long as they do so prior to an overthrow occurring. Once the overthrow has occurred a delayed dead ball is in effect and any runner that was attempting to advance from the base they occupied at the time the ball was put into play by the batter, may continue to advance. If the runner at third was simply standing on the base at the time of the overthrow, they must remain at third base. If they were attempting to advance home prior to the ball entering into foul territory, then they can continue at their own risk.

H. ONLY ONE SET OF EYES... Please remember that there will often only be one umpire on the field for Tee Ball games. They cannot see everything so they will have to use their best judgment on some plays. Their ruling is final.

Article IV - 8U RULES

Section 1 - PLAYERS

- A. As stated above, a minimum of 8 players must take the field or a forfeit will be called.
- B. A player may sit up to two innings in the dugout during defensive play, but the innings cannot be consecutive.
- C. If, for any reason, a game is forfeited, the umpires will not be allowed to remain on the field. However, the two teams may still use the field to scrimmage until 30 minutes prior to the next game starting
- D. Outfielders must have feet in the grass when the ball is pitched.

Section 2 - COACHES

- A. A Max of 4 Coaches (including Dugout Mom/Dad).
- B. Offensive Play - up to 3 coaches allowed on the field and one in the dugout.
 - 1. If less than 4 coaches (including dugout mom/dad), then base coaches will not be allowed. Each team must have an Adult in the dugout at all times.
 - 2. One coach will act as pitcher for his/her own team
 - a. The coach-pitcher cannot leave the pitching circle to instruct his/her batters. However, they may motion for the batter to move around in the box.
 - b. Once a pitched ball has been put into play by the batter, the coach-pitcher must immediately exit the field of play opposite the direction the ball was hit and behind any advancing runners.
 - 3. Two base coaches will be allowed on the field at 1st base and 3rd base and must remain in the coach's box.
- C. Defensive Play - Up to 3 coaches allowed on the field and one in the dugout
 - 1. Up to two defensive coaches can be on the field, but must remain in foul territory on either side behind the offensive coach's box.
 - a. The coach can only instruct the outfielders as to what to do to get the ball back into the infield.
 - b. The coach may not enter the outfield or touch the outfielders to direct them to the ball.
 - c. At no time shall a defensive coach be allowed to be in the infield during a live ball. The only coach that should ever be in the infield in fair territory during a live ball is the coach-pitcher and, as stated above, he/she must make every effort to exit fair territory during the play and should not re-enter fair territory during a live ball.
 - 2. One defensive coach can be in front of his/her dugout to help instruct the infielders.
 - a. The coach must stay between the dugout poles and no closer to home plate than the end of the dugout.
 - b. The coach may not enter into fair territory during a live ball and has to stay as close to the dugout fence as possible – no closer to the foul line on their side.
- D. Coaches must not create a distraction or interfere with play. Coaches violating this rule may be warned once, and then prohibited from coaching for the remainder of that game, and may be subject to further disciplinary action.
- E. The manager of the team at bat will appoint a member of his/her coaching staff to pitch to his/her batters. A team will not be allowed to change a coach pitcher until the inning is over.
- F. The coach pitcher may pitch anywhere within the 16 foot circle as long as his/her foot is on or in front of the halfway line.
- G. The coach pitcher must always keep at least one foot within the 16 foot pitching circle when the ball is released. Penalty: Dead ball; add 1 pitch to count. If after the 4th pitch, batter will be declared out.
- H. The coach pitcher is allowed to coach or talk to the batter, but must not leave the circle, before the pitch. Once the batter becomes a batter/runner, the coach may continue to talk to the batter/runner as long as he/she is moving to foul territory and does not interfere with the play. Violation: Removal of coach pitcher.

Wylie Youth Softball Association (WYSA) - Fast Pitch Rules

- I. The coach pitcher will try to avoid interfering with the play after the ball has been hit, by moving to foul ball territory, away from the play. If in the judgment of the umpire, the coach pitcher intentionally interferes with the play:
 1. The ball is declared dead.
 2. The batter is awarded 1st base.
 3. All other base runners will advance 1 base, only if forced by the award of 1st base to the batter.
 4. The batting team is given an out.
 5. No teams will be allowed to score because of coach pitchers intentional interference, should a run be forced home, then that runner will be the out mentioned above.
 6. Unintentional interference:
 - a. Dead Ball
 - b. No out will be charged.
 - c. Forced run may score.

Section 3 - GAME PLAY

- A. Home team will be responsible for putting out the bases if they are not already out.
- B. All coaches and umpires should meet at home plate five (5) minutes prior to the start of the game to go over any rule clarifications or any other questions or concerns that may come up.
- C. All games will be played to 75 minute time limit.
- D. **After any time limit is reached, the game will be stopped at the completion of the current batter if the game is an unreachable/un-tieable state.**
- E. ***A maximum of 6 innings will be played.***
- F. A game that is called due to weather or darkness is considered complete after 35 minutes of play provided two complete innings have been played.
- G. Each team will be limited to 5 runs per ½ inning.
- H. A half-inning consists of either 5 runs being scored by the offense or three outs being recorded by the defense. After either of these conditions are met, the teams will switch between the offensive and defensive positions. The home plate umpire will be notified by the home team score keeper when one of these conditions has been met.
- I. The dropped 3rd strike rule does not apply.
- J. The infield fly rule does not apply.
- K. The look-back rule does not apply.

Section 4 - BATTING

- A. There will be a ball/strike count kept. A batter will have up to 5 pitches to hit a fair ball. Should a batter fail to hit a ball at the end of 5 pitches, the batter will then be called out. Should the batter foul off the 5th pitch, she will be allowed a 6th pitch – if the 6th is fouled off, she will be allowed a 7th pitch, on the 7th pitch the batter has still failed to hit a fair ball, the batter will be declared out. Three (3) swinging pitches is an out if on the 3rd swing, the ball is missed.
- B. ***Bats must be approved for USSSA softball. Tee Ball bats may not be used.***

Section 5 - BASE RUNNERS / BATTER - RUNNER

- A. Should more than one runner be running to the same base, the rear runner will be sent back to the base she was running from.
- B. Runners who are already over half way to a base may continue to the next base. If the runner is less than half

Wylie Youth Softball Association (WYSA) - Fast Pitch Rules

way to base when the ball becomes dead, they must return to the last base occupied.

- C. **Runners are allowed to take a one step lead off AFTER the ball has been released by the coach-pitcher. If the lead is taken then tag up rules still apply in the event of the caught fly ball.**
- D. **Batter-Runners, at their own risk, may advance one base on live-ball overthrows or passed balls towards first base. Runners occupying other bases can, at their own risk, advance one base only when forced to advance by the overthrown batter-runner. Runners are not allowed to advance additional bases on an overthrow to any base other than first base.**

Example #1: Runner on second base when a ground ball is hit to second baseman. Second baseman overthrows first base. Hitter can advance to second base, at their own risk, but the runner on second can only advance on the hit and may not advance on the overthrow unless forced by the runner reaching second as a result of the overthrow. If there were runners in the above example on first AND second, the runner on second could advance to home since she is "forced" home by the runner on first advancing to third.

Example #2: Runner on 3rd base when a ground ball is hit to second baseman. Second baseman overthrows first base. Runner on third can advance to home if they were already passed the base (including the one step lead after ball has the coach's hand) and continue to the next base.

- E. All players present must bat. In the event a girl has to leave, she will be skipped in the lineup. If a girl shows up late, she will be added at the bottom of the lineup.
- F. There will be free defensive substitution.
- G. Stealing is not allowed.
- H. Bunting is not allowed.
- I. No chopping down on ball
- J. No slap Bunting/Hitting

Section 6 - PITCHER - PLAYER

- A. The defensive player/pitcher must stand in the back half of the pitching circle. She may not move from the back half of the pitching circle until the ball has been hit. With the exception of the catcher, no defensive player may be closer than 30 feet from the batter until the ball has been hit. The four outfielders will remain behind baselines until the ball has been hit. Violation of this rule will allow the offensive coach to take the resulting play or advance the batter to first base. (Hit ball means fair or foul.)
- B. **A play will be considered dead once the ball is in possession of an infielder inside the bases or the defensive pitcher has control of the ball within the 16ft circle, unless making a play. Should the ball be hit directly back to the defensive pitcher on the ground, and the pitcher chooses to hold the ball in the circle rather than make a play, all runners will be allowed to advance one base, or position at time ball goes dead or in the judgment of the umpire, all play has come to a complete halt, dead ball will be declared**
- C. **Defensive pitchers must make an overhand throw to plays at first base and CANNOT chase down players running to first base, unless the batted ball takes her in the direction of the first baseline outside the pitching circle.**
- D. **The defensive pitcher will give the ball to the coach/pitcher at the end of each play.**
- E. **Defensive pitchers making plays at home plate must throw the ball to the catcher, if the play takes her in the direction of home plate – the player may make the out themselves. The idea is not have the defensive pitcher running all over the infield, chasing runners down to make outs.**

Section 7 - EQUIPMENT

- A. There will be no bat restrictions except that they will be made of wood or metal only. The bat safety grip and knob

Wylie Youth Softball Association (WYSA) - Fast Pitch Rules

must meet USSSA specifications.

- B. An 11" ball must be used.
- C. All players batting must wear a batting helmet equipped with a chinstrap. 8U players must wear a face guard attached to the batting helmet that meets USSSA safety requirements.
- D. Catchers must wear full catchers gear. Soccer type kneepads and shin guards are allowed. The knee and shin must be covered.

Section 8 – FIELD SPECS

- A. Bases will be set at 60 feet.
- B. Pitching rubber will be set at 35 feet.
- C. A 16 foot diameter circle will be chalked around the pitching rubber.
- D. Official ball: 11" Fast Pitch Softball.

Article V - 10U RULES (MKP)

Section 1 – Players

- A. As stated above, a minimum of 8 players must take the field or a forfeit will be called.
- B. A player may sit up to two innings in the dugout during defensive play, but the innings cannot be consecutive.
- C. If, for any reason, a game is forfeited, the umpires will not be allowed to remain on the field. However, the two teams may still use the field to scrimmage until 30 minutes prior to the next game starting
- D. Outfielders must have feet in the grass when the ball is pitched. A ball will be called on the pitcher if this rule is violated.

Section 2 - COACHES

- A. Offensive Play - up to 2 coaches allowed on the field unless a coach-pitcher is required, then refer to Section 5 below.
 - 1. 1st base and 3rd base coaches must remain in their respective coach's box at all times.
 - 2. Coach-pitcher must remain against the dugout fence in foul territory to be available immediately should he or she be needed to pitch.
- B. Defensive Play - no defensive coaches are allowed on the field at any time. During your teams defensive play coaches may not be positioned any closer to home plate than the end of the dugout.
- C. Coaches must not create a distraction or interfere with play. Coaches violating this rule may be warned once, and then prohibited from coaching for the remainder of that game, and may be subject to further disciplinary action.

Section 3 - GAME PLAY

- A. Home team will be responsible for putting out the bases if they are not already out.
- B. All coaches and umpires should meet at home plate five (5) minutes prior to the start of the game to go over any rule clarifications or any other questions or concerns that may come up.
- C. All games will be played to a 1 hour 15 minute time limit. The conclusion of the current inning when the time limit is reached will conclude the game. Games ending in a tie will be ruled a tie.
- D. A game that is called due to weather or darkness is considered complete after 45 minutes of play provided two complete innings have been played.
- E. Each team will be limited to 5 runs per ½ inning.
- F. A half-inning consists of either five (5) runs being scored by the offense or three (3) outs being recorded by the defense. After either of these conditions are met, the teams will switch between the offensive and defensive positions. The home plate umpire will be notified by the home team score keeper when one of these conditions has been met.
- G. The dropped 3rd strike rule, infield fly and look-back rules do not apply.

Section 4 - BATTING

- A. Batter is allowed to bunt unless coach is pitching.
- B. If a batter throws the bat while batting or after hitting the ball, a dead ball will be called immediately. If the thrown bat occurs prior to the final swing by the batter, she will be able to continue her at bat with the swing being counted toward her swing limit. The second thrown bat by a team will result in a team warning and all other thrown bats will be considered automatic outs. Any time an umpire rules that a bat was thrown, play will stop immediately and no base runners will be allowed to advance.

Section 5 - BASE RUNNERS / BATTER - RUNNER

- A. All runners and batter-runners must stop advancing when the pitcher has control of the ball in the circle.
- B. The only exception to Rule A is when a runner is advancing to home from 3rd. Runners may score as the result of a batted ball only. They may not score on an overthrown ball. For example, if a batter hits the ball and runs to first, and the fielder overthrows first base, that batter-runner may advance to 2nd and 3rd at their own risk (if the pitcher does not have control of the ball in the circle) but may not score as a result of the overthrow to first. Also, if there is a base runner on 2nd when the ball is hit, and the same overthrow is made to first, that base runner may advance to 3rd, and may (at the discretion of the umpire) be allowed to advance home if the runner has rounded 3rd when the overthrow was made. Again, this is at the discretion of the umpire if they believe the runner had already rounded 3rd base and was headed home when the overthrow was made (and would have scored anyway as a result of the hit)..
- C. A runner or batter-runner which has rounded (past) the base may, at her own risk, advance to the next base.
- D. If the pitcher in control of the ball in the circle attempts a play on any runner or batter-runner, all runners and batter-runners may continue to advance until the pitcher once again has control of the ball in the circle.
- E. Base Stealing:
 - 1. Base runners may not leave the base until the ball has left the Player-Pitcher's hand.
 - 2. Base runners may not steal a base when a coach is pitching.
 - 3. **Base runners may take a 1 step lead AFTER the COACH Pitcher has released the ball. If the lead is taken, then tag up rules still apply in the event of a caught fly ball.**
 - 4. Base runners may advance to 3rd on an overthrown ball when stealing 2nd base; however, they may not advance to home. Again, they may only score as a result of a batted ball.
 - 5. Base runners are allowed to steal 2nd and 3rd bases only. Base runners may never steal home.
- F. Any runner or batter-runner who has safely advanced to a base beyond that allowed by subsection B or D of this Section will be returned to the allowed base without liability to be put out.

Section 6 - PITCHING

- A. There is no limit to the number of innings or pitches a pitcher may pitch in one game.
- B. The batter will be awarded a ball, but base runners will not be awarded a base, on an illegal pitch.
- C. No walks will be awarded to the batter
- D. The batter will be awarded first base if hit by a pitch throw by the player pitcher.
- E. If the pitcher delivers 4 balls with less than 3 strikes, a coach-pitcher of the hitting team will begin pitching with the existing strike count.
- F. A pitch delivered by the coach with an arch exceeding six (6) feet above the ground will result in a dead ball strike.
- G. Each pitch delivered by the coach-pitcher will count as a strike.
- H. There is no limit on fouled third strikes whether pitched by the pitcher or the coach.
- I. If a coach is pitching, the batter will not be awarded a base if hit by a pitch.
- J. If a coach is pitching, the player-pitcher will have at least one foot inside the circle behind the pitching rubber.
- K. If a coach is pitching, the player-pitcher will not interfere with the delivery of the coach's pitch.
- L. If a coach is pitching, the coach must start with at least one foot in contact with the pitcher's rubber. The coach must pitch underhand, but no other formalities apply to the pitching coach.
- M. **If two batters in a single inning are awarded first base because they are 'hit by pitch' from a single pitcher, the offending pitcher must be replaced for the remainder of the inning. If a single pitcher is replaced in two innings of the same game for too many 'hit by pitch' calls, the pitcher must be replaced for the remainder of the game.**

Section 7 - FIELD SPECS

Wylie Youth Softball Association (WYSA) - Fast Pitch Rules

- A. Bases will be set at 60 feet.
- B. Pitching rubber will be set at 35 feet.

After any time limit is reached, the in-progress inning will end when the home team takes a lead in the bottom half of the in-progress inning, or when each team has three outs.

- I. The infield fly rule is in effect.
- J. The look-back rule is in effect.
